

GRADES 9-12

IGNITIA ONLINE CURRICULUM

Genesis Christian School uses Ignitia, a Christian online curriculum designed specifically for Christian schools, to provide high school students with a rigorous, interactive, and faith-integrated academic experience. Ignitia offers core courses in Bible, English/Language Arts, Mathematics, Science, and History & Geography, along with a variety of elective and career-focused courses. Students engage with interactive lessons, assignments, assessments, multimedia resources, and real-world applications while developing independence, critical thinking, problem-solving, and digital learning skills. Courses are taught through a Christian worldview, encouraging students to connect academic content with biblical truth and consider how their faith influences their understanding of the world.

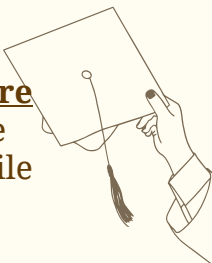

GRADES 9-12

IGNITIA ONLINE CURRICULUM

Our Goal

To prepare students for life beyond high school by developing academic knowledge, independent learning skills, critical thinking, and a biblical worldview that guides them in their future education, careers, and everyday lives.

Preparing Students for Their Future

Ignitia helps high school students take greater ownership of their learning while building the academic discipline, responsibility, and technology skills needed for college, career, and life beyond graduation. Students are encouraged to work independently, manage their time, and apply what they learn through a Christ-centered perspective.
